A Message from the Nursery

What a wonderful month we have had at Tiny Oaks! The children have been busy exploring, creating and learning through a range of exciting activities. From celebrating **Be Kind to Our Planet Week** and discovering the importance of recycling, to learning about **People Who Help Us** and exploring the wonders of **Natural Resources**, the children have shown fantastic curiosity, enthusiasm and kindness throughout.

We have loved watching their confidence grow as they investigated new materials, worked together with their friends and shared their ideas through play. Every day brings new opportunities for learning, and it has been a joy to see the children embrace each experience with such excitement.

As we move into the summer weeks, we look forward to spending more time outdoors, making the most of the warmer weather and continuing our adventures through play. Thank you, as always, for your ongoing support.

Working together with our families helps us create the very best experiences for your children.

Reminder to Parents

Please remember that we cannot allow you in before your child's session time due to staff ratios. Some staff start at different times, and it can get rather busy in the rooms, especially when mealtimes are being cleared away. Please ensure you collect your child at the correct finish time, or a late collection fee will be applied.

Please can we make sure your child has enough spare clothes, underwear, trousers, tops, socks etc. Especially if they are potty training.

As the weather is getting warmer, please can you apply sunscreen before your child arrives at nursery, if they haven't had sun cream applied please let a member of staff know at drop off so we can apply before they go in the garden.

Upcoming events

Week commencing 1st July- Keeping fit & healthy choices week.

Week commencing 6th July- Summer holidays & Transport week.

Week commencing 13th July- School Preparation & Our Families week.

Week commencing 20th July - Beach Week/Beach Games

Friday 24th July - Graduation

Week commencing 27th July - Friends & special people

Thursday 30th July - Friendship Day

Upcoming Events

All our activities that the children do are linked to the EYFS (Early Years Foundation Years). The EYFS is the curriculum that the practitioners follow and use as guidance for the children's developmental milestones. It allows the practitioners to plan activities and track the children's development.

Look at what we have been doing this month

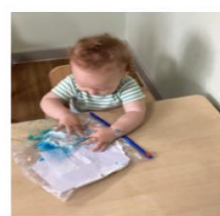

Be Kind to Our Planet Week

During Be Kind to Our Plant Week the children have enjoyed exploring Earth in more detail. They have created their very own planet earth using a mixture of paint and textile materials, they have focused a lot on recycling and the importance of not dropping litter due to harming the animals and some even enjoyed participating in some litter picking around the local community, as well as a trip to the local clothes bank to recycle some old clothes.

What Can We Find in The Ocean Week

The children have been learning about what we can find in the ocean. Our Saplings room have enjoyed a very sensory based experience through water play, shaving foam and paints, along with lots of other materials to create an under the sea experience for them. They have been focusing a lot on their fine motor skills and creating collages of different sea animals to hang on the windows. Our Acorns have been enjoying exploring different sea creatures that they might come across and have loved reading 'The Rainbow Fish' and then using their imaginations to create their very own rainbow fishes. They have really enjoyed the different sensory experiences offered to them this week and have enjoyed sharing their knowledge and understanding with one another!

Father's Day Crafts & People Who Help Us

This week the children have thoroughly enjoyed making lots of special arts and crafts gifts for some very important people in their lives, dads, granddads and father-like figures. The children have also focused on people who help us. The children have enjoyed learning about how the dentist help us to keep our teeth healthy, how doctors and nurses make us better and how police and firemen do an excellent job keeping us safe. The children have enjoyed listening to stories, participating in role play experiences and getting hands on with lots of arts and crafts linked to our topics. We even had a very special visitor come in who works for the Fire Brigade. He spoke to the children about fire safety and his equipment, and the children even got to try the clothing on! To finish the week, the children met their families for a world cup themed picnic and football match to celebrate Father's Day.

Natural Resources Week

This week, the children have been exploring natural resources and learning about the wonderful materials that come from our world. Through hands-on activities, outdoor exploration, stories, and creative play, they discovered how resources such as water, sunlight, plants, rocks, and wood are used in our everyday lives. The children have been encouraged to observe, investigate, and discuss the importance of caring for our environment while developing their curiosity and understanding of the natural world. It's been a week full of discoveries and learning!
